

/Airport Guide

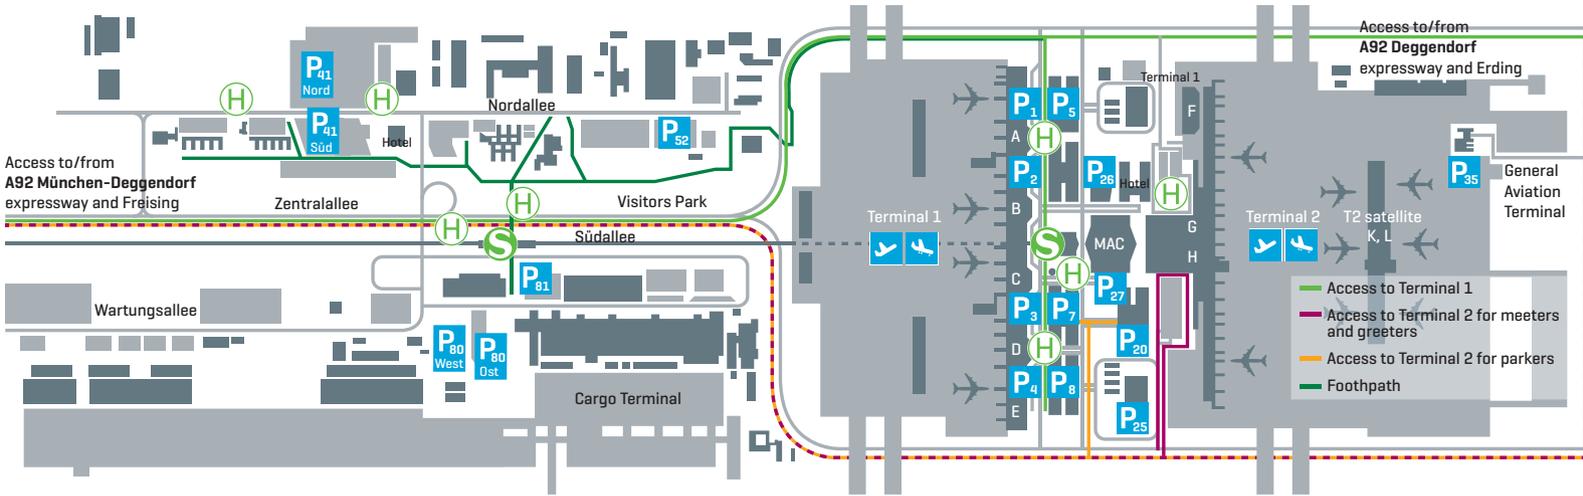

Munich Airport at a glance

Living ideas – Connecting lives

5 Star Airport

/Airport world of experiences

Welcome to our 5-Star-Airport. Munich Airport offers you the best connections to anywhere in the world – and much more besides ...

Terminal 1 and the München Airport Center

Terminal 1 is divided into Departures/Arrivals A–D and F as well as Arrivals E. All facilities for passenger handling are located on level 04 [street level].

You can also reach the München Airport Center (MAC) and the parking areas quickly and easily using the moving walkways. The München Airport Center has an underground rapid transit train station [level 02].

Terminal 2

Terminal 2 [G, H] is divided into an arrivals level [03] and two departure levels [04, 05]. It is used by Lufthansa, the Star Alliance and other Lufthansa partners.

Gates K and L in the T2 satellite building can be reached using an underground passenger transport system.

Rapid transit rail for connections every 10 minutes between Munich city center and the Airport on lines S1 and S8

Parking P1–P5, P7, P8 and P20 in direct proximity to the terminals

Excellent service

Munich Airport is more than «just» an airport – it is a city with everything that cities need. For example, in the two terminals and in the MAC, you will find travel markets, hairdressers, children’s play areas, a medical center, sleep cabins, free WIFI etc.

From duty free to top labels

A day spent shopping at Munich Airport is always an experience. Here no wishes are left to be desired, because you will find around 150 shops and boutiques in an area measuring over 43,000 square meters.

Pure enjoyment

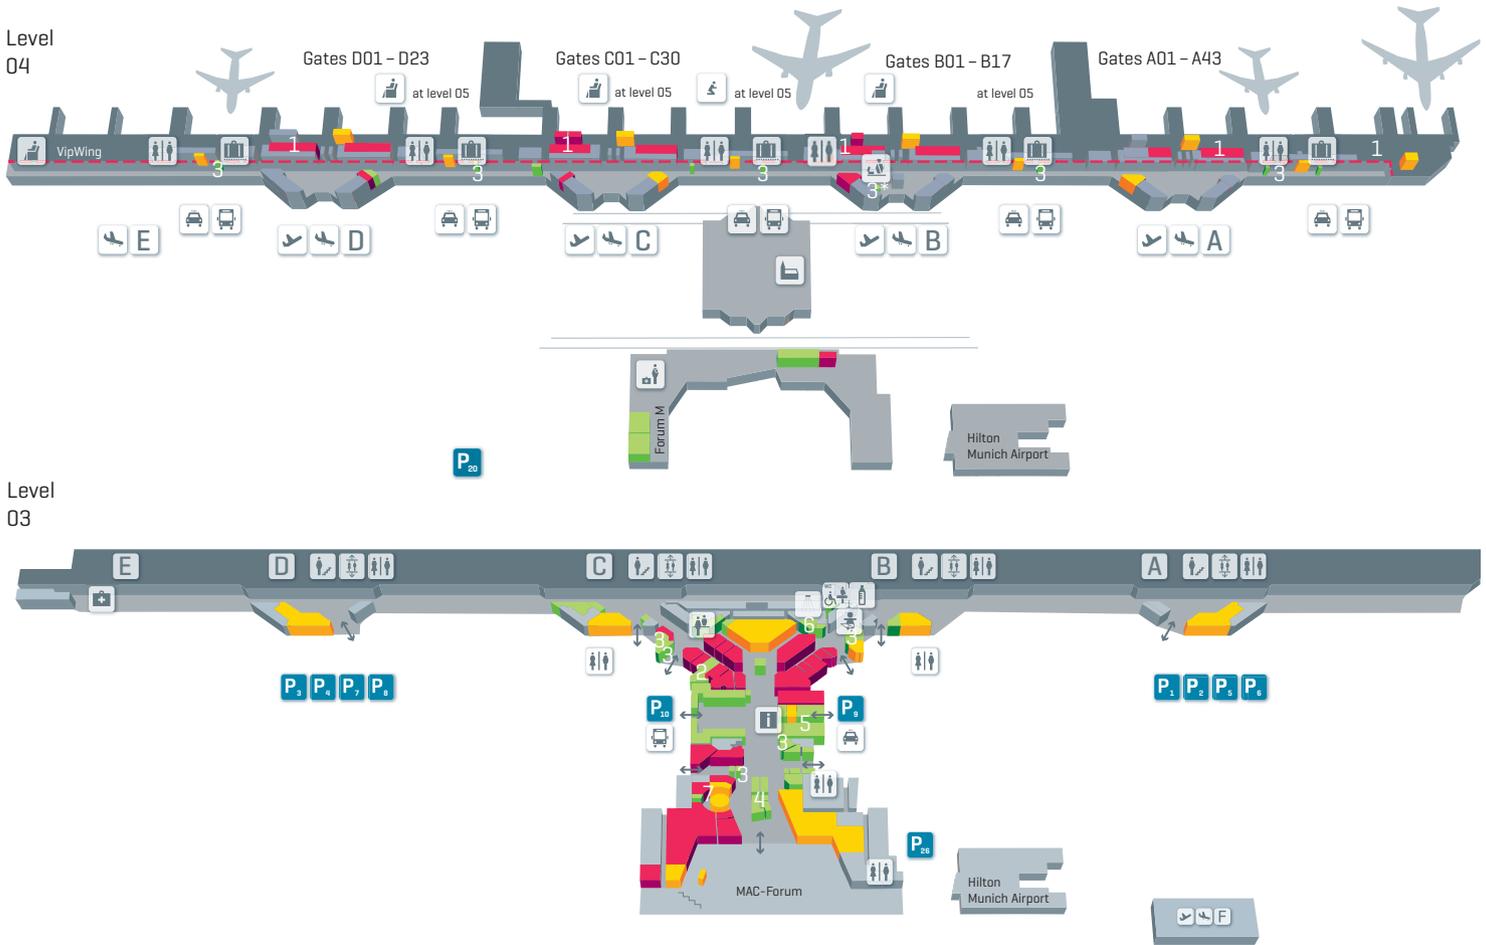

Some 65 restaurants, cafés and bistros await you at Munich Airport. Inspired by global cuisines, you will find a wide selection of dishes and gourmet foods – from Bavarian delicacies and house-brewed beer in the lovely beer garden, through to Asian specialties or a snack eaten on the move.
