Ambitious targets to overcome impact of Corona crisis

Ramp Up MUC – Recovery production plan after COVID-19 crisis

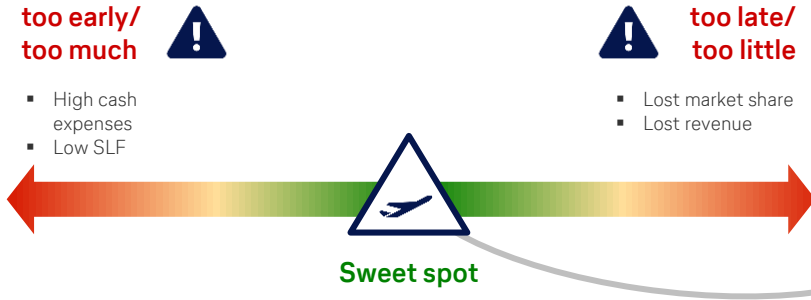

Operationalization of Sweet Spot requires high level of flexibility

with the overall goal of operating cash-positive

OBJECTIVE: Operationalization of Sweet Spot under strict cost management and efficient utilization of resources

REQUIREMENT: flexible production adjustment under consideration of commercial, customer & operations

- ✓ Adequate **commercial offer** to capture market share while retaining **flexibility** to dimension schedule to **(cash) optimal** level
- ✓ Efficient and effective cooperation between **commercial and operations** to ensure reliable restart schedule
- ✓ strict **cost management** and **efficient utilization of resources** is essential going forward
