

Airport Collaborative Decision Making

Airport CDM App

Multi airport data aggregator for ACDM process partners.

2020-08-002EN Airport CDM App Information Ver.1.5

In the right place at the right time

With Airport CDM, participating airports offer process partners current A-CDM data in a focused and user-oriented app. Relevant time stamps and resources of the flights are available regardless of location and are continuously

updated by active notifications. If you have questions about Airport Collaborative Decision Making or the app, please get in touch with your local CDM manager or contact us on feedback@a-cdm.info
