

# /Conditions of Participation

## Apron Driver's License

### **Fee**

There is a participation fee of €480.00 plus VAT per person.

### **Cancellations**

No fee shall be charged if cancellations are made up to one week before the seminar. The entire seminar fee shall be payable if cancellations are made later or participants do not attend the seminar. A substitute participant can be nominated. However, his/her name must be submitted no later than 4 days before the start of the seminar. Notice of cancellation must be sent in writing to the e-mail address [aviation.training@munich-airport.de](mailto:aviation.training@munich-airport.de).

### **Content**

In the theoretical section of the training, you get to know Munich Airport's topography, the special security regulations for passenger airports, and the specific circumstances at the aprons.

In the practical section, you undertake detailed driving exercises to learn about how the traffic regulations for aprons are applied, the aircraft stands, and how to act properly in the security restricted area of aircraft.

### **Requirements**

Anyone wishing to take part in the seminar must hold an official driver's license of at least class B [3] and an FMG security pass [not a visitor's ID card!].

If you hold a driver's license that has not been issued in a country belonging to the EU/EEA, you also need an international driver's license or an officially certified translation of your license! [Please obtain a temporary ID card with temporary photo before the event commences!]

It is also essential for participants to arrive at the meeting point on time [at 7:45 a.m.]. Please note that, after assembling in the seminar room, all participants will drive as one group to the apron for the topographical section.

If the conditions of participation are not met, the entire fee shall be charged.
